

Your Swiss home

Family owned and run since 1882, Brillantmont has over 140 years of experience and offers a warm, international environment for around 100 students per week in summer. Our experienced, caring team are here to provide the very best opportunities for you.

Are you ready to have the time of your life?

We love learning languages!

When you arrive, you will take a placement test to see which level of class you will follow. We have classes at various levels – from beginner to advanced. You can learn English or French and thanks to our small classes (max. 15 per class), you'll make great progress. Our teachers make learning fun and interesting, with lots of activities to develop your grammar, vocabulary and oral fluency.

On Wednesday afternoons, you'll participate in engaging workshops or visits with your class to landmarks such as the Olympic Museum, the Chocolate Factory, the St Bernard dog home, the University of Lausanne science workshops and more. Later, everyone meets up for a picnic on campus or by the lake.

When you leave, you'll receive a Certificate with a grade and teacher comment, so you can continue building your language skills when you return home.

"We wanted to thank the Brilliantmont team for the great experience our daughter Victoria just lived. She has come back ecstatic from her time with you, full of new experiences, new friendships and a more mature vision of life. The Brilliantmont team made her feel right at home and she cannot wait to return next year."

A Swiss summer is the best! You'll enjoy exploring our cities and getting active on weekend trips to the lakes and mountains. There's so much for you to discover. Evenings are fun filled - treasure hunts, talent nights, international olympics, cooking, trampoline, climbing, ice skating, bowling and our weekly disco.

Our spectacular campus is in Lausanne, in French speaking Switzerland and overlooks lake Lemman and the Alps. Our team of supportive, dynamic staff will take good care of you and live alongside you in the boarding houses, which are separated by age and gender and where you'll share a room with one or two students from another nationality.
