30 June – 9 August

Days:

Mon/Tues/Thurs/Fri

Levels:

Beginner

Elementary

Intermediate

Advanced

Coaching Ratio:

1 coach per 2 students

Coaching Time:

6 hours p/w

Price: £700 p/w

Pro Aviation Simulator, delivered by experienced instructors, includes 6 hours per week of professional training that enables students to experience the thrill of being thrown back in your seat during take-off, ride the bumps as we fly through the air, hold on tight as you feel the sensation of landing back on terra firma!

With its realistic feel, control loading and collimated visuals, if you can land this you could land the real thing!

OBJECTIVES

Training is carried out in our state-of-the-art Boeing 737-800 Flight Simulator. All controls and systems function just as the real aircraft. Cadets will not just learn the technical aspects of being a pilot but also how to operate as part of a team. Being an airline pilot today is as much about the right behaviours as well as ability, which is emphasised throughout the course. Aviation Simulator is the perfect option to test if you have what it takes to pilot a complex airliner.

MODULES:

The course includes the following general aviation modules:

- General Handling
- Instrument Navigation
- Take off and Landing Techniques
- Use of automation

Along with the specific Boeing 737-800 modules:

- Aircraft systems and familiarisation
- Flight management computer use and programming
- Autopilot & Autothrottle
- Flying a full A-B flight using airline operating procedures

OTHER BENEFITS:

- Help students build language skills through communication and collaboration
- On course completion, students are awarded the virtual Boeing 737 Introductory Type Rating personalised certificate of achievement, signed and presented by the course instructor
- Develop 21C skills: creativity, communication, collaboration and critical-thinking

You will be amazed at what you can achieve in 4 days of intense training!

WHAT TO BRING:

N/A – All equipment provided by British Summer School

There is limited availability for this Pro Option; book early to avoid disappointment.

A minimum number of students is required for the Pro Option to run. If a Pro Option is cancelled a refund will be given.
