Mon/Tues/Thurs/Fri

**Levels:**

Beginner

Elementary

Intermediate

**Coaching Ratio:**

1 coach per 12 students

**Coaching Time:**

6 hours p/w

**Price:** £300 p/w

Instruction focuses on developing a range of website design skills, including coding fundamentals, site layout and design, as well as how to work efficiently and securely in a digital environment.

### OBJECTIVES

- Learn the fundamentals of HTML, CSS, or JavaScript
- Design modern, user-friendly websites
- Explore web design tools and platforms like WordPress
- Develop mobile-responsive designs
- Learn about web security and safe online practices

### OTHER BENEFITS

- Expand website design-related vocabulary
- Enhance digital literacy
- Gain project management skills
- Improve problem solving skills
- Develop 21C skills: creativity, communication, collaboration and critical thinking
- Improve self-confidence

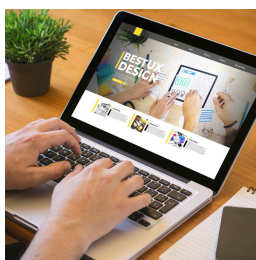

### TECHNICAL TRAINING:

Students gain a strong foundation in web development, allowing students to create functional and visually appealing websites. The course covers essential coding skills such as HTML, CSS, or JavaScript.

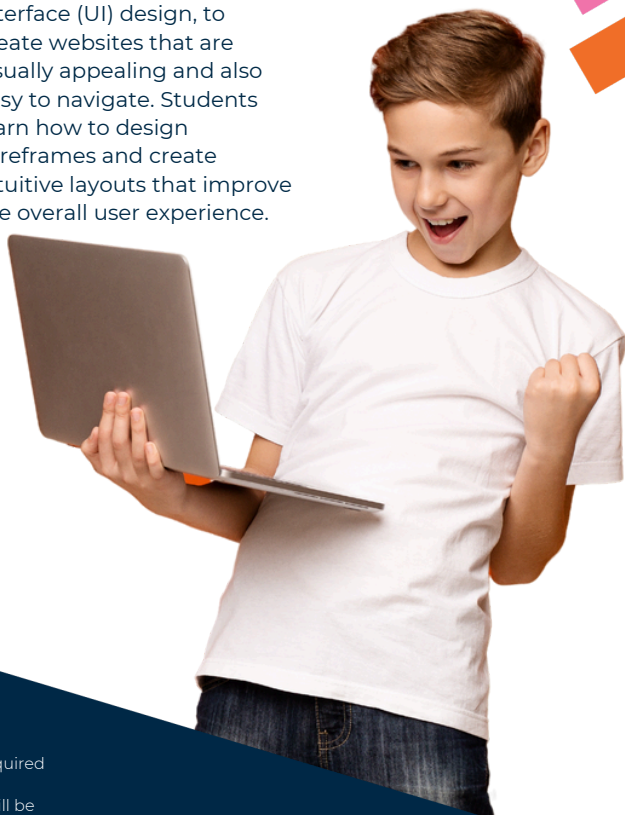

### DIGITAL DESIGN:

Students focus on user experience (UX) and user interface (UI) design, to create websites that are visually appealing and also easy to navigate. Students learn how to design wireframes and create intuitive layouts that improve the overall user experience.

### WHAT TO BRING

N/A – All equipment provided by British Summer School

A minimum number of students is required for the Pro Option to run. If a Pro Option is cancelled a refund will be given.
