Boarders of the future

Lessons

AGES: 11-15 YEARS

English language lessons are designed to improve students' receptive and productive skills (reading, writing, speaking, listening), extend the scope and range of their vocabulary in both formal and informal contexts and deepen their understanding of grammar to improve spoken and written accuracy.

LEARNING & INNOVATION

These task-based lessons enable students to work collaboratively to research, discuss and create projects that reflect their knowledge, skills, and personality while developing strategies that are essential for success in the 21st century. The projects have been specially created to help develop the students' capabilities in each of the 4Cs that form the core of the 21st Century Learning curriculum: Collaboration, Communication, Creativity, and Critical Thinking.

G FOCUS BOARDING

These lessons are designed to develop some key skills required throughout the application process and introduce students to some fundamentals of studying and living in a UK boarding school such as:

- Application guidance
- Boarding school life
- British culture & values
- British education system
- British history
- English literature
- Interview training
- Independent study skills
- Mental arithmetic
- Research skills

MISSION: INTEGRATION!

Sunday evenings offer organised ice-breaker activities that allow new and continuing students to meet each other and start to build new friendships.
