Lessons

ENG CORE ENGLISH

English language lessons are designed to improve students' receptive and productive skills (reading, writing, speaking, listening), extend the scope and range of their vocabulary in both formal and informal contexts and deepen their understanding of grammar to improve spoken and written accuracy.

LEARNING & INNOVATION

These task-based lessons enable students to work collaboratively to research, discuss and create projects that reflect their knowledge, skills, and personality while developing strategies that are essential for success in the 21st century. The projects have been specially created to help develop the students' capabilities in each of the 4Cs that form the core of the 21st Century Learning curriculum: Collaboration, Communication, Creativity, and Critical Thinking.

FOCUS ARTS

These lessons are designed to improve students' English and at the same time, develop their knowledge and interests in a range of arts-based subjects and topics such as:

- Artistic expression
- Artistic skills development
- Business & entrepreneurship
- Contemporary arts trends
- Creativity and idea generation
