Our aim: future ready

At British Summer School, we aim to **inspire** our students and help them to develop the knowledge, abilities and qualities needed to fulfil their potential in both their personal and future professional lives. We increase our students' ability and confidence to communicate and operate in the 21st century to help them to **become happy, confident, and successful** individuals in a global and competitive world.

We aim not only to improve students' English and 21st century skills (communication, collaboration, creativity, and critical thinking), but also to discover their **True Me**: this helps them get ready for their future adult life.

During their course, students learn to face new challenges, explore new experiences, step outside their comfort zone, and overcome barriers. We give them the tools to achieve positive change for themselves.

Students leave British Summer School with new confidence in themselves, enhanced personal and social skills, better English, a deeper understanding of different cultures, new friendships, and memories to last a lifetime.

We increase our students' ability and confidence to communicate and operate in the 21st century.

Our courses

Our courses are based on the **Framework for 21st Century Learning*** and are carefully designed not only to develop students' English but also their life, career, learning, innovation, media and technology skills. Every course is **inspiring** and **challenging**.

Our portfolio is designed to be developmental and progressive, adapted to the age range of each course. Students can start their British Summer School journey on any course and if they return, we recommend they progress onto a different course within the series.

Students who attend more than one of our courses over a number of summers will benefit from the academic and personal development structure on which the portfolio is built.

Student numbers, nationalities and language quotas are controlled to provide a personal and carefully managed experience for every student on every course.

BSS Experience – featuring True Me

Featured in every course, we provide an impressive programme of evening entertainment called BSS Experience that consists of fun and sociable challenges and events and is designed to deliver True Me.

SUNDAY BSS EXPERIENCE MISSION: INTEGRATION!	MONDAY BSS EXPERIENCE HOUSE WARMING!	TUESDAY BSS EXPERIENCE FEATURING TRUE ME	WEDNESDAY BSS EXPERIENCE FEATURING TRUE ME	THURSDAY BSS EXPERIENCE FEATURING TRUE ME	FRIDAY BSS EXPERIENCE LET'S CELEBRATE
---	--	--	--	---	---

Sunday evenings play an integral part in the BSS Experience. On the first evening of a student's arrival, it is important for them to feel welcome and relaxed as they start their summer school journey with BSS.

Through team games, icebreaker activities and fun challenges, students meet their peers, begin to build friendships, and gain an understanding of our mission - **To put the student front and centre of everything we do, help them to focus, find their flow, discover their 'True Me' and prepare them to be future ready.**

On Monday evenings, each boarding house organises a Housewarming event with fun games, helping students to build positive relationships with their peers and a strong sense of community and togetherness.

Tuesday to Thursday involves a diverse range of different team-based challenges and social events, such as:

- Disco
- Escape Room
- House Song/Dance Competition
- Murder Mystery
- Olympic Games
- Talent Show

On Friday, we celebrate! This gives students an opportunity to showcase the projects they have been working on, receive awards and achievements, and celebrate their BSS experience in a relaxed and safe environment.

“I learned about myself, how I treat others, and how I treat myself better.”

Student, Summer 2023

“I think it’s a good opportunity to know people, to learn and to improve English at the same time.”

Student, Summer 2023

TRUE ME, EVALUATION & REFLECTION

On Fridays during class time, students receive some self-evaluation time, supervised by their teacher. They reflect on what they have learned about themselves, their performance and how their personal skills, social skills, self-confidence, and authenticity have improved throughout the week.

The BSS Experience featuring True Me gently and subtly encourages students to:

- Improve communication
- Improve self-confidence
- Enhance creativity
- Accept others
- Develop critical thinking skills
- Respect diversity
- Understand the importance of collaboration
- Celebrate difference

- Live authentically

True Me is an internal British Summer School philosophy and is reflected in everything we do.

Care of our students

At British Summer School, we place huge importance on the level of care we provide to all our students while they are away from home. We also understand that different age groups require and benefit from different levels of care and support.

SAFETY

All students receive a safety induction, relevant to their age, on the first or second day after arrival.

Most staff are residential and sleep in the same boarding houses as the students.

Every student has a House Parent, who is responsible for their wellbeing not only in the house but at all times during their stay.

The Welfare Manager is overall responsible for students' safety and wellbeing.

SUPERVISION

Students are supervised in all lessons and sports and organised leisure activities. Different supervision rules apply according to students' ages and different rules apply on different courses. On campus, students are not supervised at all times, for example during breaks and free time. Off site, some students have free time away from British Summer School staff. See Student Handbook for more details.

STAFFING RATIOS

British Summer School offers a generous staff to student ratio to ensure the safety and happiness of all students.

Our overall general ratio (staff/students) at each centre is at least 1:5.

MEDICAL

Each centre has staff who are authorised to administer basic and prescription medication to students, under the guidance of the Welfare Manager or Nurse.

FIRST AID

Each centre has a number of First Aiders who are trained to deal with accidents and medical emergencies in the first instance. Each centre is within easy reach of a hospital.

CONTACT

Parents can contact a member of the centre Management Team at any time. We have a 24-hour centre phone to facilitate this.
