PHILIPP WEBER

Founder - friLingue
Language Learning Camps

I founded friLingue in 2007 because I wanted to bring young people together and give them the chance to discover, like I did when I was a teenager, how much fun it is to learn a language in a beautiful location with new friends and energetic teachers.

JASMIN STAUB

CEO - friLingue
Language Learning Camps

Joining friLingue in 2017 was the start of an incredible journey for me. My focus has been on nurturing a supportive and engaging environment where language learning thrives. I am passionate about our mission and am dedicated to continuously improving our offerings to meet the needs of our diverse student body.

friLingue LANGUAGE CAMPS

At friLingue, we've been creating unforgettable language camp experiences since 2007, and kids absolutely adore them. One reason is our remarkable 1 to 6 ratio: one dedicated teacher for every six kids.

This setup allows us to connect deeply with each child, treating them as equals and creating a sense of camaraderie.

Last year, a young girl shared with our founder, Philipp, that she never imagined learning could be so much fun. Another student marveled that she learned more in two weeks at our camp than she had in two years at school.

Why do our camps resonate so profoundly? It's because we infuse every lesson with joy and enthusiasm. Our team is not only highly motivated but also treated with the utmost respect, fostering an environment where learning becomes a delightful and impactful journey.

At friLingue, we don't just teach; we inspire and ignite a lifelong love for learning.

LANGUAGE LESSONS

LESSONS IN SMALL GROUPS

Language lessons are held in small groups of up to 6 students! This fact enables our language teachers to put more focus on the needs of every student. All of our students are divided into groups based on their language levels.

AFTERNOON ACTIVITIES

WORKSHOPS

We offer a wide array of workshops, such as sports workshops (football, basketball, volleyball, tennis, etc.), art workshops (painting, drawing, graffiti, dance, yoga, meditation, etc.), cooking workshops and many more

EXCURSIONS & EVENING ACTIVITIES

HALF-DAY EXCURSIONS

On Tuesdays and Thursdays we're taking our students to hikes with amazing views, adventure parks, aqua parks, visiting glaciers and glacier lakes, etc. In case of bad weather we have at our disposal indoor climbing halls, espace rooms, museums, indoor swimming pools and thermal spa centers, etc.

FULL-DAY EXCURSIONS

On Saturdays straight after breakfast we're organising full-day excursions where we traditionally visit a nearby bigger city, i.e. Bern, Fribourg, Geneva, Zurich, Montreux, Lausanne, etc. Here we combine a cultural venue visit with some free time so that our students can explore the city on their own terms.
