Our Short Term Experience students often find the biggest problem is choosing between the many activities on offer!

Weekends are full and busy with lessons, sport, brunch, outings and parties, including formal dinners and charity events, as well as trips to the countryside and local towns. You will have plenty of social time to spend with your new friends.

Students will have the opportunity to visit local sites such as Bath and the Jurassic Coast, to learn more about British culture, and take part in our seasonal traditions, including Carols in the Quad at Christmas time, Pancake Races around the Abbey in Lent Term, or Black & Gold Day in the summer.
