We are writing to express our deepest gratitude for the incredible support and care you have provided to our children during their stay at Warminster School. This experience has been profoundly impactful for them in numerous ways.

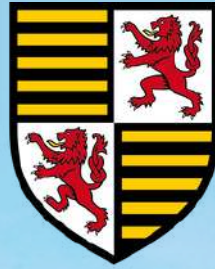

Firstly, their English language skills have improved remarkably, thanks to the immersive environment and excellent teaching. Beyond academics, we have witnessed significant growth in their independence, autonomy, maturity, and emotional intelligence. These are invaluable life skills that will benefit them for years to come.

Elena and Emilio have been incredibly happy during their time in the UK. In fact, they fell in love with the country and the Warminster experience so much that it was quite a challenge to bring them back home! Their joy and enthusiasm speak volumes about the positive and nurturing environment you have created.

Looking ahead, both Elena and Emilio have expressed a strong desire to study and possibly live in Europe when they are older. The opportunities that have opened for them through their time at Warminster are truly exciting and we are confident that this experience has laid a solid foundation for their future aspirations.

Once again, thank you to everyone at Warminster School for making this such a memorable and transformative experience for our children. We are forever grateful.

The Warminster 5 Week Immersive Programme

It's not surprising that our popular 5 week fully immersive programme is consistently over subscribed. We are renowned for our international offering, welcoming atmosphere and true family feel. We are proud that pupils have been coming to us for short stays for well over 10 years. We are experts in ensuring that no matter how much time a pupil has to spend with us, they are encouraged and supported to make the very most of their time.

Situated in 60 acres of rolling English countryside, just over an hour's drive from Heathrow Airport, Warminster offers a unique and truly life changing experience. Many of our 'short stay' pupils enjoy the Warminster experience so much, they stay to continue their education.

I very much look forward to welcoming you to Warminster, our very own academic centre of excellence and a home away from home.

"Our Short Stay cohort are fully embraced by the Warminster boarding community and become an important part of our households. We look forward every year to opening our doors and are always delighted to share our small corner of Wiltshire! The boarding houses go to great lengths to make everyone feel welcome as do all the staff and pupils across the School. Trips are planned regularly, fun evening activities and they also have a full timetable during the week. We are all proud to run this amazing experience for our international short stay pupils."

The Short Stay experience at Warminster was everything we hoped for. Our son was involved in every aspect of school life, his English language vastly improved and he returned home excited to build on his experience.
